

Do You Have a Story to Tell?

Have you ever seen a terrific-looking presentation, brochure, proposal or newsletter and wondered how it was made? Chances are the designer used Adobe InDesign CC, Photoshop, Illustrator, PowerPoint or a combination of all four!

Lesson by lesson, you'll discover how each program features relate to producing actual usable documents as we explore the best ways to create different types of marketing materials, how to reuse items such as colors and artwork, and how to produce publications for different page sizes and devices. You'll walk away knowing how to use these popular softwares to design and create professional-quality powerpoints, business cards, brochures, proposals, and more. You don't have to be a designer or an artist to produce professional quality documents!

APRIL 19: ADOBE INDESIGN TRAINING

If you've ever struggled to complete a project in InDesign, or wondered how to save time and increase efficiency in your work, this is the course for you! You'll get hands-on training and experience using many of the more advanced tools and features of this powerful program.

MAY 17: PHOTOSHOP

You'll master techniques for switching the backgrounds on images and removing wrinkles and blemishes from photos, just like they do in magazines. By the time you finish this course, you'll be well on your way to expressing yourself with the most exciting graphics program ever developed.

JUNE 7: ILLUSTRATOR

From drawing objects with the shape tools to mastering the all-important Pen tool to working with shape gradients, you'll gain the techniques you need to produce stunning vector graphics!

JULY 19: MICROSOFT POWERPOINT

Take your PowerPoint presentations from ordinary to extraordinary! In these lessons, you'll learn how to use Microsoft PowerPoint 2013 to create professional-quality slide presentations that grab and hold your audience's attention from start to finish.
